Subject: Environmental Indicators for VB/I-70 due November 1
Attachments: VB I-70 Insufficient Data ICI.docx

Hi again, Sam. Just as with the request for Five Points I just sent you and Stan, you also need to complete the attached form for VB/I-70 and return it to me by Monday 11/1. I suggest discussing it with Steve if you can since the results of this HQ request will be reported to the AA in HQ.

You and Steve may want to consider moving this site from Human Exposure Insufficient Data to Human Exposure Not Under Control. This would mean you do not need to complete this form, but we will need to update the paragraph and designation in CERCLIS by Monday. There is a template to use for HENUC write-ups.

I'm happy to discuss these options with you.

VB I-70 Insufficient
Data ICI.docx
